
AGTIV® Liquid products – Fridge Payment Program 2020 Season

- **AGTIV® POTATO • Liquid** and **AGTIV® FIELD CROPS • Liquid** both need to be stored cold until use.
- Premier Tech recommends the purchase of a fridge that can store approximately 50 cases of product (each containing 2 bottles) at an approximate cost of \$1500.
- To help you choose the right fridge, you must consider letting 1 inch (2.5 cm) of free space between the inner wall of the fridge and the product boxes to ensure a good ventilation. Each box is 9.5 inches high, 7.875 inches wide and 6.25 inches deep. There also needs to be an empty space (without boxes) of approximately 10 to 12 inches around the refrigeration unit.
- The **AGTIV®** distributor/retailer purchases the fridge for **AGTIV®** product storage according to recommendations.
- Upon presentation of a proof of purchase for the fridge, Premier Tech agrees to return five percent (5%) of total purchases of **AGTIV® POTATO • Liquid** and **AGTIV® FIELD CROPS • Liquid** to the distributor/retailer for the following two (2) seasons.
- The total amount of the refund to the distributor/retailer will end once the total amount of payment for the fridge is attained. At all times, the fridge, its maintenance and functioning remain the responsibility of the distributor/retailer.
