
AGTIV® powder products – Powder Applicator payment program 2020 Season

- **AGTIV® powder products** get better uniformity of application using a powder applicator at the base of the grain auger.
- Premier Tech recommends using with the powder products: the Nuttall Seed Inoculator or the Inoculator Seed treater. The approximate cost of each is 1000\$.
- The **AGTIV®** user purchases the recommended powder applicator for better application uniformity of **AGTIV®** products.
- Upon presentation of a proof of purchase for the powder applicator, Premier Tech agrees to return, through the retailer, five percent (5%) of **AGTIV® powder products** purchases for the following two (2) seasons. The user will receive a refund or a credit note before November, each year.
- The total amount of the refund to the user will end once the total amount of payment for the powder applicator is attained. At all times, the equipment, its maintenance and functioning remain the responsibility of the user.
