Important: please double-check that the designated product is listed as compliant with relevant certification standard for your operation (i.e. column: « Product compliant with Regulation »).

For example, an input whose status is **"Allowed under American regulation NOP (National Organic Program). May be used if not commercially available as Organic"** shall be considered as conform only in accordance with the NOP regulation and subject to the unavailability of the same product certified organic NOP. This product could not, for example, be considered to comply with the European organic regulation.
